(For Address Only.)

Frankfort, The Eiserner Steg is a handsome suspension bridge across the Maine connecting the City with the ancient suburb of Sachsenhauser which is said to have been founded by Charlemagne. Frankfort is one of the most important towns, financially and commercially, of Germany, and contains many buildings of great beauty. It is entirely surrounded by Anlagen or public gardens laid out on the site of the old fortifications which were removed in 1806—1812.
